

Online screening of the climate film 2040

Due to lockdown, Fairer World Lindfield had to postpone the screening of the film '2040' at King Edward Hall.

However, the Lindfield climate action group is now able to screen this film online on Friday 2nd October at 7.30pm. 2040 is a positive and upbeat film about the climate and ecological crisis and looks at practical solutions that are already available that could improve our planet. The event is free, but booking is essential as there is a restriction on the number of tickets available. Registration is via Eventbrite at: <https://bit.ly/3gGzeYG> or telephone 01444 484063.

Personalised online tuition in literacy, maths and study skills

Specialising in dyslexia, dyspraxia, ADHD and Autistic Spectrum Conditions

All students welcome

Multi-sensory structured teaching

Patient, mature teacher with understanding of mental illness

Your dream home

We have all spent more time in our homes during lockdown, have you been dreaming of making changes?

A home office, more space for the children home schooling? We can help. We can work safely, respecting social distancing measures, to bring you the home you need.

BC Building your trusted local builders

Extensions | Loft conversions | Renovations | Garage conversions
Front porches | Landscaping and patios | Driveways
